Re: New Street Light – Hwy #48 & Kennedy Road and Hwy #48 & Gregory Avenue

Background

During the development of the Capital Budget it was identified that there is a need for increased street lighting, specifically along Highway #48. Two immediate intersections were identified to be completed in 2010, the intersection at Highway #48 and Kennedy Road and the intersection at Highway #48 and Gregory Avenue.

Discussion

SaskPower was contacted to provide the Town with a quote of installing the two street lights. I have attached the quote that was provided by SaskPower.

Budget Implications

This is a budgeted item in the 2010 Capital budget. The budget was for \$25,000 and the quote is only \$10,256.83, therefore we are quite under budget for the project.

Conclusion

This is a safety issue and it is budgeted for, therefore I feel Council should approve the quote provided by SaskPower.

Recommendation

Administration recommends the following motion be passed:

THAT street lights be installed at the intersections of Highway #48 and Kennedy Street and Highway #48 and Gregory Avenue for a total cost of \$10,256.83.

Respectfully submitted,

Shauna Bzdel,
Town Manager

PO Box 220, Station Main
White City SK S4L 5B1

Dear Sir:

**Subject: New Street Lights – Kennedy Road at Highway #48 and
Gregory Avenue at Highway #48, White City, SK**

Thank you for requesting street lights at the above noted location. SaskPower is pleased to provide you with the following quotation:

Design:

SaskPower's design will require two 100-watt, high-pressure sodium-vapour luminaires installed on galvanized steel standards. Enclosed is a copy of our map/drawing showing the proposed routing/location of SaskPower facilities required for your service.

Cost:

A construction charge of **\$9,768.41 plus \$488.42 GST**, for a total of **\$10,256.83**, is required for these street lights. A down payment in the amount of **\$2,500.00** is required. The remainder of the construction charge will be invoiced upon the completion of the work.

NOTE: If a payment option is preferred, please complete the enclosed financing application, and return it with your down payment and all other requested documentation.

Approvals:

To proceed, please return the following items:

- Signed quotation letter
- Approved SaskPower map/drawing
- Payment of **\$2,500.00 OR** 25 percent down and your application for financing

Conditions:

- This agreement, and any services provided hereunder, is governed by SaskPower's Terms and Conditions of Service
- This quotation is contingent on SaskPower receiving all necessary approvals
- Site must be to final grade and clear of obstructions
- This quotation is valid to October 14, 2010

Construction Scheduling:

Construction will begin **12 to 14 weeks** from the date we receive the required approvals.

Rate and Billing Information:

Once these lights have been connected, the monthly operating costs of **\$12.84** per light will be invoiced to Town of White City. Normal maintenance of these lights will be the responsibility of SaskPower.

On behalf of SaskPower, I would like to thank you for your business, and we look forward to serving you in the future. If you require additional information, please contact 1-888-757-6937 option 4.

Respectfully yours

Kelly Erhardt

To confirm your application for financing, please sign and return this page, along with your signed letter of quote. SaskPower will contact you to confirm your financing application. If you qualify for financing, a detailed application will be required.

[Financing Option] Down payment of **\$2,564.20** included. On approved SaskPower New Connect Financing, the balance of **\$7,692.63** will appear in monthly instalments on your SaskPower bill. Please read the following statement:

By checking the Option above, and by my signature below, I hereby authorize SaskPower to complete a credit check for SaskPower New Connect Financing. Credit check(s) shall include, without limitation, the acquisition, retention and review of a credit report from a credit-reporting agency, which will contain credit information, personal information or both. I acknowledge that SaskPower requires consent pursuant to The Credit Reporting Act, and I hereby consent to SaskPower obtaining and utilizing a credit report in connection with the extension of credit to myself and/or the collection of any resulting debt. Provision of loan security for the new connect financing shall be in a form and amount satisfactory to SaskPower.

To apply for SaskPower financing, please provide the following:
