Re: Town Manager's Report

Truck Purchase

The Town of White City purchased a 2004 GMC Sierra 3500 1 Ton Dump Truck with Plow and Salter. The purchase price was \$27,500USD, which with exchange and wire charges cost the Town \$28,684.90. Howard and Mavis left Thursday to pick the truck up and they are expected to be back on Tuesday September 21, 2010.

Election

The Town of White City received two nomination forms for the position of Councilor, therefore there will be an election held on October 6, 2010.

Operations Technician

We have advertised for an Operations Technician with an application deadline of September 21, 2010. To date we have received 3 applications. We have conducted one interview and will be reviewing the remainder of the applications after September 21st.

Respectfully submitted,

Shauna Bzdel,
Town Manager
