Re: Town Foreman's Report

- Lights have been installed and are working on Confederation Drive, Federal Drive and Fernwood Street walking trails.
- Town employees did a good job while I was away on vacation in December.
- We will attempt to flood the Splash Park parking lot for use as an outdoor skating rink this week.
- A track hoe and gravel trucks will be needed to clean the silt from the drainage channel at Emerald Ridge. Estimates are forthcoming.
- The 1993 Dodge Dakota truck was taken to Kal Tire to repair the brakes. The cost is \$900.00. It was recommended that we don't fix it due to the age of the truck and rust. The repair budget should be put towards the purchase of another newer truck.

Respectfully submitted,

Darryle Bulych
