Re: Town Manager's Report

Rocks in Ditches

Letters were sent to residents with large rocks in the ditch, to have any large rocks that are in the ditch removed by May 11, 2011. If they are not removed by then, the Town works will remove them and the residents will receive a charge for this service. Any unpaid fees will be added to taxes.

Ramm Avenue

As Council is aware the road is almost impassable along Ramm Avenue in front of Dumur Industries. We have Double K coming to fix the road. It should be done by Monday.

Respectfully submitted,

Shauna Bzdel,
Town Manager
