Re: Town Manager's Report

Proposed Annexation

The RM of Edenwold has passed a concurring resolution to the proposed annexation of Parcel Y, the newly subdivided parcel north of McKenzie Pointe.

Vale – Community Information Session

Vale is hosting a Community Information Session at the White City Community Centre on Wednesday October 5, 2011 from 4pm – 8pm.

Disposal of Surplus Items

The Town has a policy on the disposal of surplus items, which states:

“The Town Manager shall dispose of all valuable surplus items by way of public sale. The Town Manager may approve disposal by way of trade-in allowance, auction sales, bids, or public solicitation.

There are some items that are currently taking up space in the Town Maintenance compound that I have agreed to be sent to auction. The items will be delivered to Great Plains Auction to be included in the next auction which will be held on Saturday October 1, 2011.

The items we are taking to the auction are:

- 1986 International 3 Tonne Truck & Snow Plow
- 1995 Grasshopper 321 mower
- Self-propelled John Deere 48” front cut mower

Respectfully submitted,

Shauna Bzdel,
Town Manager
