## Management's Responsibility

---

To the Ratepayers of the Town of White City:

The Municipality's management is responsible for the preparation and presentation of the accompanying financial statements in accordance with Canadian public sector accounting standards (PSAS). The preparation of the statements necessarily includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgments and estimates by management is required.

In discharging its responsibilities for the integrity and fair presentation of the financial statements, management designs and maintains the necessary accounting, budget and other related internal controls to provide reasonable assurance that transactions are appropriately authorized and accurately recorded, that assets are properly accounted for and safeguarded, and that financial records are properly maintained to provide reliable information for the preparation of the financial statements.

The Council is composed of elected officials who are not employees of the Municipality. The Council is responsible for overseeing management in the performance of its financial reporting responsibilities. The Council fulfils these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with external auditors. The Council is also responsible for recommending the appointment of the Municipality's external auditors.

Prairie Strong, an independent firm of Chartered Professional Accountants, is appointed by the Council to audit the financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically and separately with, both the Council and management to discuss their audit findings.

## INDEPENDENT AUDITOR'S REPORT

To: The Mayor and Council  
Town of White City

### **Opinion**

We have audited the financial statements of Town of White City (the Municipality) which comprise the statement of financial position as at December 31, 2025, and the statements of operations, changes in net financial assets, cash flows and remeasurement gains and losses for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Town of White City as at December 31, 2025, and the results of its operations, changes in net financial assets and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

### **Basis for Opinion**

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Municipality in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Responsibilities of Management and Those Charged with Governance for the Financial Statements.**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Municipality's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Municipality or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Municipality's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

Continued on the next page...

Continued from previous page

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Municipality's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Municipality's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Municipality to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**Town of White City**  
**Notes to the Financial Statements**  
**As at December 31, 2025**

**1. Significant Accounting Policies**

The financial statements of the Municipality are prepared by Management in accordance with Canadian public sector accounting standards (PSAS) as recommended by the Chartered Professional Accountants of Canada (CPA Canada). Significant aspects of the accounting policies adopted by the Municipality are as follows:

**Basis of Accounting:** The financial statements are prepared using the accrual basis of accounting. The accrual basis of accounting. The accrual basis of accounting recognizes revenues as they become available and measurable and expenses are recognized as they are incurred and measurable as a result of the receipt of goods and services and the creation of a legal obligation to pay.

- a) **Reporting Entity:** The financial statements consolidates the assets, liabilities and flow of resources of the Municipality. The entity is comprised of all of the organizations that are owned or controlled by the Municipality and are, therefore, accountable to the Council for the administration of their financial affairs and resources. There are no entities included in these financial statements.

**Partnerships:** A partnership represents a contractual arrangement between the municipality and a party or parties outside the reporting entity. The partners have significant, clearly defined common goals, make a financial investment in the partnership, share control of decision making, and share, on an equitable basis, the significant risks and benefits associated with the operations of the partnership. There are no partnerships included in these financial statements.

- b) **Collection of Funds for Other Authorities:** Collection of funds by the Municipality for the school board are collected and remitted in accordance with relevant legislation.
- c) **Government Transfers:** Government transfers are the transfer of assets from senior levels of government that are not the result of an exchange transaction, are not expected to be repaid in the future, or the result of a direct financial return. Government transfers are recognized as revenue in the period that the events giving rise to the transfer occur, providing:
- a) the transfers are authorized
  - b) any eligibility criteria have been met; and
  - c) reasonable estimates of the amounts can be made.

Unearned government transfer amounts received will be recorded as deferred revenue until eligibility criteria or stipulations are Earned government transfer amounts not received will be recorded as an amount receivable.

Government transfers to individuals and other entities are recognized as an expense when the transfers are authorized and all eligibility criteria have been met.

- d) **Revenue - Fees and charges,** interest and commissions are recorded as revenue as the service or contract is performed, provided that at the time of performance ultimate collection is reasonably assured. If payment is not received at the time the service or contract is performed, an accounts receivable will be recorded.

When a single transaction requires the delivery of more than one performance obligation, the revenue recognition criteria are applied to the separately identifiable performance obligations. A performance obligation is considered to be separately identified if the products or service delivered has stand-alone value to that customer and the fair value associated with the product or service can be measured reliably. The amount recognized as revenue for each performance obligation is its fair value in relation to the fair value of the contract as a whole.

For each performance obligation, the Municipality must ascertain whether the obligation is satisfied over a period of time, or at a point in time. In order to do this, the characteristics of the underlying goods and/or services must be considered in order to determine when the ultimate performance obligations will be satisfied. If any of the below criteria are met, the revenue must be recognized over a period of time; otherwise, corresponding amounts are to be recognized at a point in time.

- a) The payor simultaneously receives and consumes the benefits provided by the Municipality's performance as they fulfill the performance obligation.
- b) The Municipality's performance creates or enhances an asset that the payor controls or uses as the asset is created or enhanced.
- c) The Municipality's performance does not create an asset with an alternative use to itself, and the Municipality has an enforceable right to payment for performance completed to date.
- d) The Municipality is expected to continually maintain or support the transferred good or service under the terms of the agreement.
- e) The Municipality provides the payor with access to a specific good or service under the terms of the agreement.

**Town of White City**  
**Notes to the Financial Statements**  
**As at December 31, 2025**

**Deferred Revenue** - Fees and charges: Certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenses are incurred or services performed.

- e) **Local Improvement Charges:** Local improvement projects financed by frontage taxes recognize any prepayment charges as revenue in the period assessed.
- f) **Financial Instruments:** Financial instruments are any contracts that give rise to financial assets of one entity and financial liabilities or equity instruments of another entity. A contract establishing a financial instrument creates, at its inception, rights and obligations to receive or deliver economic benefits. The Municipality recognizes a financial instrument when it becomes a party to a financial instrument. The financial assets and financial liabilities portray these rights and obligations in financial statements. Financial instruments of the Municipality include cash and cash equivalents, accounts receivable, and accounts payable.
- g) **Net Financial Assets:** Net Financial Assets at the end of an accounting period are the net amount of financial assets less liabilities outstanding. Financial assets represent items such as cash and those other assets on hand which could provide resources to discharge existing liabilities or finance future operations. These include realizable assets which are convertible to cash and not intended for consumption in the normal course of operations.
- h) **Non-financial Assets:** Tangible capital and other non-financial assets are accounted for as assets by the government because they can be used to provide government services in future periods. These assets do not normally provide resources to discharge the liabilities of the government unless they are sold.
- i) **Appropriated Reserves:** Reserves are established at the discretion of Council to designate surplus for future operating and capital transactions. Amounts so designated are described on Schedule 8.
- j) **Property Tax Revenue:** Property tax revenue is based on assessments determined in accordance with Saskatchewan Legislation and the formulas, principles, and rules in the Saskatchewan Assessment Manual. Tax mill rates are established annually by Council. Tax revenues are recognized when the tax has been authorized by bylaw and the taxable event has occurred. Requisitions operate as a flow through and are excluded from municipal revenue.
- k) **Financial Instruments:** Derivative and equity instruments that are quoted in an active market are carried at fair value. All other financial instruments are measured at cost/amortized cost; financial assets measured at amortized cost are recognized initially net of transaction costs with interest income recognized using the effective interest rate method. Impairment losses are recognized in the statement of operations when there is an other than temporary decline in value.

Interest and dividends attributable to financial instruments are reported in the statement of operations. Unrealized gains and losses are recognized in the statement of remeasurement gains and losses. When the investment is disposed of the accumulated gains or losses are reclassified to the statement of operations.

**Long-term debt:** Long-term debt is initially recognized net of premiums, discounts, and transaction costs and is measured at amortized cost with interest expense recognized using the effective interest rate method.

**Long-term receivables:** Receivables with terms longer than one year have been classified as other long-term receivables.

**Measurement of Financial Instruments:**

The municipalities financial assets and liabilities are measured as follows:

| <u>Financial Statement line item</u>     | <u>Measurement</u>                 |
|------------------------------------------|------------------------------------|
| Cash & Cash Equivalents                  | Cost and amortized cost            |
| Investments                              | Fair value and cost/amortized cost |
| Other Accounts Receivable                | Cost and amortized cost            |
| Long term receivables                    | Amortized cost                     |
| Debt Charges Recoverable                 | Amortized cost                     |
| Bank Indebtedness                        | Amortized cost                     |
| Accounts payable and accrued liabilities | Cost                               |
| Deposit liabilities                      | Cost                               |
| Long-Term Debt                           | Amortized cost                     |
| Derivative Assets and Liabilities        | Fair Value                         |

- l) **Inventories:** Inventories of materials and supplies expected to be used by the Municipality are valued at the lower of cost or replacement cost. Inventories of land, materials and supplies held for resale are valued at the lower of cost or net realizable value. Cost is determined by the FIFO (first-in first out) cost method. Net realizable value is the estimated selling price in the ordinary course of business.

**Town of White City**  
**Notes to the Financial Statements**  
**As at December 31, 2025**

- m) **Tangible Capital Assets:** All tangible capital asset acquisitions or betterments made throughout the year are recorded at their acquisition cost. Initial costs for tangible capital assets that were acquired and developed prior to 2009 were obtained via historical cost information or using current fair market values discounted by a relevant inflation factor back to the point of acquisition. Donated tangible capital assets received are recorded at their fair market value at the date of contribution. The tangible capital assets that are recognized at a nominal value are disclosed on Schedule 6. The cost of these tangible capital assets less any residual value are amortized over the asset's useful life using the straight-line method of amortization. The Municipality's tangible capital asset useful lives are estimated as follows:

| <u>Asset</u>                    | <u>Useful Life</u> |
|---------------------------------|--------------------|
| <b>General Assets</b>           |                    |
| <b>Land</b>                     | Indefinite         |
| <b>Land Improvements</b>        | 10 to 40 Yrs       |
| <b>Buildings</b>                | 25 to 40 Yrs       |
| <b>Vehicles &amp; Equipment</b> |                    |
| Vehicles                        | 5 to 10 Yrs        |
| Machinery and Equipment         | 5 to 20 Yrs        |
| <b>Leased Capital Assets</b>    | Lease term         |
| <b>Infrastructure Assets</b>    |                    |
| <b>Water &amp; Sewer</b>        | 30 to 100 Yrs      |
| <b>Road Network Assets</b>      | 10 to 60 Yrs       |

**Government contributions:** Government contributions for the acquisition of capital assets are reported as capital revenue and do not reduce the cost of the related asset.

**Works of Art and Other Unrecognized Assets:** Assets that have a historical or cultural significance, which include works of art, monuments and other cultural artifacts are not recognized as tangible capital assets because a reasonable estimate of future benefits associated with this property cannot be made.

**Capitalization of Interest:** The Municipality does not capitalize interest incurred while a tangible capital asset is under construction.

**Leases:** All leases are recorded on the financial statement as either a capital or operating lease. Any lease that transfers substantially all of benefits and risk associated with the leased asset is classified as a capital lease and recorded as tangible capital assets. At the inception of a capital lease, an asset and a payment obligation are recorded at an amount equal to the lesser of the present value of the minimum lease payments and the asset's fair market value. Assets under capital leases are amortized on a straight line basis, over their estimated useful lives (lease term). Any other lease not meeting the before mentioned criteria is classified as a operating lease and rental payments are expensed as incurred.

- n) **Trust Funds:** Funds held in trust for others, under a trust agreement or statute, are not included in the financial statements as they are not controlled by the Municipality.
- o) **Employee Benefit Plans:** Contributions to the Municipality's multiemployer defined benefit plans are expensed when contributions are made. Under the defined benefit plan, the Municipality's obligations are limited to their contributions.
- p) **Liability for Contaminated Sites:** Contaminated sites are a result of contamination being introduced into air, soil, water or sediment of a chemical, organic or radioactive material or live organism that exceeds an environmental standard. The liability recorded net of any expected recoveries. A liability for remediation of contaminated sites is recognized when all the following criteria are met:
- a) an environmental standard exists;
  - b) contamination exceeds the environmental standard;
  - c) the municipality:
    - i. is directly responsible; or ii. Accepts responsibility.
  - d) it is expected that future economic benefits will be given up; and
  - e) a reasonable estimate of the amount can be made.
- q) **Measurement Uncertainty:** The preparation of financial statements in conformity with Canadian public accounting standards requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenditures during the period. Accounts receivable are stated after evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where considered necessary.

**Town of White City**  
**Notes to the Financial Statements**  
**As at December 31, 2025**

Measurement uncertainty impacts the following financial statement areas:

Accounts receivable are stated after evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where considered necessary.

The measurement of materials and supplies are based on estimates of volume and quality.

The 'Opening Asset costs' of tangible capital assets have been estimated where actual costs were not available.

Amortization is based on the estimated useful lives of tangible capital assets.

The liability associated with asset retirement obligations are measured with reference to the best estimate of the amount required to ultimately remediate the liability at the financial statement date, the discount rate, and inflation.

Measurement financial instruments at fair value and recognition and measurement of impairment of financial instruments requires the use of significant management estimates.

These estimates and assumptions are reviewed periodically and, as adjustments become necessary they are reported in earnings in the periods in which they become known.

- r) **Basis of segmentation/Segment report:** Municipal services have been segmented by grouping activities that have similar service objectives (by function). Revenues that are directly related to the costs of the function have been attributed to each segment. Interest is allocated to functions based on the purpose of specific borrowings.

The segments (functions) are as follows:

**General Government:** Provides for the administration of the Municipality.

**Protective Services:** Is comprised of expenses for Police and Fire protection.

**Transportation Services:** Is responsible for the delivery of public works services related to the development and maintenance of roadway systems and street lighting.

**Environmental and Public Health:** Provides waste disposal, other environmental services and public health services in the municipality.

**Planning and Development:** Provides for neighbourhood development and sustainability.

**Recreation and Culture:** Provides for community services through the provision of recreation and leisure services.

**Utility Services:** Provides for delivery of water, collecting and treating of wastewater and the collection and disposal of solid waste.

- s) **Budget Information:** Budget information is presented on a basis consistent with that used for actual results. The budget was approved by Council on April 9, 2025
- t) **Assets Held for Sale:** the municipality is committed to selling the asset, the asset is in a condition to be sold, the asset is publicly seen to be for sale, there is an active market for the asset, there is a plan in place for selling the asset and the sale is reasonably anticipated to be completed within one year of the financial statement date.
- u) **Asset Retirement Obligation:** Asset Retirement Obligations represent the legal obligations associated with the retirement of a tangible capital asset that result from its acquisition, construction, development, or normal use. The tangible assets include but are not limited to assets in productive use, assets no longer in productive use, leased tangible capital assets.

The liability associated with an asset retirement obligation is measured with reference to the best estimate of the amount required to ultimately remediate the liability at the financial statement date to the extent that all recognition criteria are met. Asset retirement obligations are only recognized when there is a legal obligation for the municipality to incur costs in relation to a specific TCA, when the past transaction or event causing the liability has already occurred, when economic benefits will need to be given up in order to remediate the liability and when a reasonable estimate of such amount can be made. The best estimate of the liability includes all costs directly attributable to the remediation of the asset retirement obligation, based on the most reliable information that is available as at the applicable reporting date. Where cash flows are expected over future periods, the liability is recognized using a present value technique.

When a liability for an asset retirement obligation is initially recognized, a corresponding adjustment to the related tangible capital asset is also recognized. Through the passage of time in subsequent reporting periods, the carrying value of the liability is adjusted to reflect accretion expenses incurred in the current period. This expense ensures that the time value of money is considered when recognizing outstanding liabilities at each reporting date. The capitalized asset retirement cost within tangible capital assets is also simultaneously depreciated on the same basis as the underlying asset to which it relates.

**Town of White City**  
**Notes to the Financial Statements**  
**As at December 31, 2025**

At remediation, the municipality derecognizes the liability that was established. In some circumstances, gains or losses may be incurred upon settlement related to the ongoing measurement of the liability and corresponding estimates that were made and are recognized in the statement of operations. The Municipality does not have any Asset Retirement Obligations.

- v) **Loan Guarantees:** The municipality does not provides any loan guarantees to other organizations.
- w) **Other (Non-Government Transfer) Contributions:** Unrestricted contributions are recognized as revenue in the year received or in the year the funds are committed to the municipality if the amount can be reasonably estimated and collection is reasonably assured. Externally restricted contributions are contributions for which the contributor has placed restrictions on the use of the resources. Externally restricted contributions are deferred until the resources are used for the purpose specified, at which time the contributions are recognized as revenue. In-kind contributions are recorded at their fair value when they are received.
- x) **Intangible capital assets:** Are initially recorded at cost or fair value, less accumulated amortization and any accumulated impairment losses. Purchased intangibles are recognized as non-financial assets in the financial statements. The carrying value of identifiable intangible capital assets with finite lives are amortized over the asset's useful life.

The Municipality does not have any intangible capital assets.

- y) **Public Private Partnerships:** Where the Municipality procures infrastructure using a private sector partner are accounted for and reported as infrastructure assets on the Statement of Financial Position and are initially recognized at cost. Cost includes the gross amount of consideration given up to acquire, construct, develop or better a tangible capital asset; and all costs directly attributable to the acquisition, construction, development or betterment of the infrastructure asset. Infrastructure assets are amortized over the assets useful life and recognized as an expense in the Statement of Operations. When the Municipality has recognized an infrastructure asset in relation to a public private partnership arrangement and has an obligation to provide consideration to the private sector partner, the Municipality recognizes a corresponding infrastructure liability on the Statement of Financial Position. Infrastructure liabilities are initially measured at the same amount as the related infrastructure asset, reduced for any consideration previously recorded to the public sector partner. Other consideration attributable to the partnership agreement such as operating and maintenance payments are excluded from the measurement of the liability. Two common models used to measure infrastructure liabilities are the financial liability and user pay models. The financial liability model is utilized when the Municipality designs, builds, finances, operates and/or maintains infrastructure in exchange for a contractual right to receive cash or another asset. The reason for this being that the corresponding liability constitutes a financial liability. The user pay model is applicable when the private sector partner designs, builds, finances, operates and/or maintains the infrastructure in exchange for a right to charge the ultimate end users. This compensation granted by the Municipality is facilitated via the granting of rights to earn revenue from a third party. Due to such, the corresponding liability should be classified as a performance obligation.

| 2. Cash and Cash Equivalents           | 2025             | 2024             |
|----------------------------------------|------------------|------------------|
| Cash                                   | 4,761,744        | 4,952,336        |
| <b>Total Cash and Cash Equivalents</b> | <b>4,761,744</b> | <b>4,952,336</b> |

Cash and cash equivalents includes balances with banks and short-term deposits with maturities of three months or less. Cash subject to restrictions that prevent its use for current purposes is included in restricted cash.

| 3. Investments                                | 2025             | 2024             |
|-----------------------------------------------|------------------|------------------|
| <b>Investments carried at Cost:</b>           |                  |                  |
| Portfolio investments                         | 846,153          | 802,607          |
| <b>Investments carried at amortized cost:</b> |                  |                  |
| Cash and money market                         | 2,193,130        | 2,153,286        |
| Government guaranteed bonds                   | 249,603          | 223,664          |
| <b>Total investments</b>                      | <b>3,288,886</b> | <b>3,179,557</b> |

Government and government guaranteed bonds have effective interest rates of 1.75% to 5.60% (Prior - 1.75% to 5.85%) with maturity dates from 2027 to 2055.

**Town of White City**  
**Notes to the Financial Statements**  
**As at December 31, 2025**

**4. Taxes Receivable - Municipal**

|                                                                          | <b>2025</b>    | <b>2024</b>   |
|--------------------------------------------------------------------------|----------------|---------------|
| Municipal - Current                                                      | 86,834         | 79,858        |
| - Arrears                                                                | 59,016         | 13,286        |
|                                                                          | 145,850        | 93,144        |

| Thereafter     | 13,441,731        | 3,906,608        | 17,348,339        | 14,373,252        |
| <b>Balance</b> | <b>19,229,440</b> | <b>7,664,093</b> | <b>26,893,532</b> | <b>22,569,042</b> |

The debt limit for the town is the total amount of the town's own source revenues for the proceeding year (the Municipalities Act section 161)

7,772,402

The Saskatchewan Municipal Board (SMB) has approved the Town to acquire debt above there debt limit. The Town has followed all proper procedures in receiving SMB authorization for all those instances of additional borrowing above the debt limit.

**9. Asset Retirement Obligation**

**Landfill**

The Municipality does not maintain a waste disposal site.

**Asbestos**

The Municipality does not have any buildings with asbestos in them.

**Town of White City**  
**Notes to the Financial Statements**  
**As at December 31, 2025**

**10. Pension Plan**

The Municipality is an employer member of the Municipal Employee Pension Plan (MEPP), which is a multi-employer defined benefit pension plan. The Commission of MEPP, representing plan member employers, is responsible for overseeing the management of the pension plan, including investment of assets and administration of benefits. The benefits accrued to the employees from MEPP are calculated using the Pensionable Years of Service, Highest Average Salary, and the plan accrual rate.

The contributions to the MEPP by the participating employers are not segregated in separate accounts or restricted to provide benefits to the employees of a particular employer. As a result, individual employers are not able to identify their share of the underlying assets and liabilities, and the net pension assets or liabilities for this plan are not recognized in these financial statements. The Municipality's contributions are expensed when due.

Every three years an actuarial valuation is performed to assess the financial position of the plan and the adequacy of plan funding. Any determined deficiency is the responsibility of the participating employers and employees.

Details of the MEPP are as follows:

|                                                    | <b>2025</b>  | <b>2024</b>  |
|----------------------------------------------------|--------------|--------------|
| Member contribution rate (percentage of salary)    | 9.00%        | 9.00%        |
| Municipal contribution rate (percentage of salary) | 9.00%        | 9.00%        |
| Member contributions for the year                  | \$ 187,945   | \$ 174,819   |
| Municipal contributions for the year               | \$ 187,945   | \$ 174,819   |
| Actuarial extrapolation date                       | Dec-31-2024  | Dec-31-2023  |
| Plan Assets (in thousands)                         | \$ 4,090,806 | \$ 3,602,822 |
| Plan Liabilities (in thousands)                    | \$ 2,571,158 | \$ 2,441,485 |
| Plan Surplus (in thousands)                        | \$ 1,519,648 | \$ 1,161,337 |

**11. Risk Management**

Through its financial assets and liabilities, the Municipality is exposed to various risks. These risks include credit risk, liquidity risk and market risk.

**Credit Risk:**

Credit risk is the risk that one party to a financial instrument will fail to discharge their responsibilities with respect to the financial instrument, and in so doing, cause a loss for the other party. The financial instruments that potentially subject the municipality to credit risk consist of Taxes, Other and Long-Term Receivables.

Management reviews accounts receivable on a case by case basis to determine if a valuation allowance is necessary to reflect impairment of collectability.

The aging of accounts receivable as at December 31, 2025 was:

|                                 | Total     | 30 Days | 60 Days | 90 Days | Over 120 Days |
|---------------------------------|-----------|---------|---------|---------|---------------|
| Taxes Receivable                | 145,850   | -       | -       | -       | 145,850       |
| Other Accounts Receivable       | 3,143,251 | 407,980 | -       | -       | 2,735,271     |
| Total Receivables               | 3,289,101 | -       | -       | -       | 2,881,121     |
| Allowance for Doubtful Accounts | -         | -       | -       | -       | -             |
| Net Receivables                 | 3,289,101 | -       | -       | -       | 2,881,121     |

**Town of White City**  
**Notes to the Financial Statements**  
**As at December 31, 2025**

**12. Risk Management - continued**

**Liquidity Risk:**

Liquidity risk is the risk that the entity will encounter difficulty in meeting financial obligations as they fall due. The municipality undertakes regular cash flow analyses to ensure that there are sufficient cash resources to meet all obligations. The financial instruments that potentially subject the municipality to liquidity risk consist of accounts payable and deposits.

The aging of accounts payable and deposits as at December 31, 2025 was:

|                             | Total     | 2025      | 2026 | 2027 | Past 2027 |
|-----------------------------|-----------|-----------|------|------|-----------|
| Accounts Payable            | 1,006,688 | 1,006,688 | -    | -    | -         |
| Accrued Liabilities Payable | 142,690   | 142,690   | -    | -    | -         |
| Other liabilities           | -         | -         | -    | -    | -         |
| Deposits                    | 429,620   | 429,620   | -    | -    | -         |
| Total                       | 1,578,998 | 1,578,998 | -    | -    | -         |

**Market Risk:**

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency and other price risk.

**Interest Rate Risk**

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate due to changes in market interest rates. The financial instruments that potentially subject the municipality to interest rate risk consist of:  
- interest rate swap agreements on long term debt that can fluctuate from 0.50% to 0.60%

**Currency Risk**

Currency risk is the risk that the future cash flows of a financial instrument will fluctuate due to changes in currency fluctuations. The Municipality has no exposure to currency risk.

**Other Price Risk**

Other price risk is the risk that the future cash flows of a financial instrument will fluctuate due to changes in fair value of equity investments. The Municipality has no exposure to other price risk.
